

Dear Visiting Athletic Trainer,

On behalf of Northwest Nazarene University we would like to welcome you and your team to the campus of NNU. If you have any special needs or requests, do not hesitate to contact Ken Becker ATC, Head Athletic Trainer, or Rachel Lindvall ATC, Assistant Athletic Trainer. Below you will find a list of items we will supply for all of our home athletic contests.

The Ray Burwick Athletic Trauma & Treatment Center is located in the Johnson Sports Center, adjacent to the main court. Our Monday–Friday operations begin at 1:30 – 7:00 during the fall and adjust in the spring to accommodate later games and practice schedules. The Trauma Center will be open a minimum of 2 hours before each contest, and approximately 30 minutes after each contest.

Visiting Athletic Trainers will have access to the following modalities:

Hydrocollator	Injury ice and ice bags
Whirlpools	Coolers of Ice Water & Cups
Ultrasound & Electrical Stimulation Modalities	AED

**** If traveling without an ATC, documentation must be provided via email or hard copy to utilize these modalities.**

We would like to request that each of your teams furnish their own taping materials and first aid supplies and ask that teams traveling without a Certified Athletic Trainer notify us in advance so we can be prepared to accommodate your student athletes.
